Projects

Personal Portfolio Website HTML | CSS | JS

- My personal portfolio website showcases my skills, projects, and certification in a simple, visually appealing, and user-friendly layout, allowing visitors to explore my work, learn about myself, and understand the value I bring.

To-Do List HTML | CSS | JS

- This To-Do List web app lets users quickly add and delete tasks through a clean, minimal interface. The wooden-texture background enhances the UI, making task management simple and visually appealing.

Zepto Sales Performance Analysis PowerBI | Power Query Editor

- This Power BI dashboard delivers a clear, data-driven view of key metrics, highlighting trends and actionable insights through interactive charts for faster decision-making.

Night Patrolling Robot

- Developed an autonomous robot for nighttime security, integrating infrared cameras, motion sensors, and AI to navigate and monitor areas. It enhances human security by providing continuous surveillance and rapid response.
